Interest Free Finance for Small Businesses

Small businesses are finding it especially tough to thrive in a credit-starved economy.

Maximum is therefore delighted to announce a special introductory offer as part of the Total Solutions Program launch - **Interest Free finance for up to 3 years** on Mitel equipment for small business customers.

This great offer is available for small businesses with up to a maximum of sixty-four (64) users buying either a Mitel 5000 or Mitel 3300 solution.

The interest free finance is highly complementary to a suite of Mitel solutions that already offer compelling opportunities to small businesses to reduce their costs and operate more efficiently through more effective and energy efficient communications.

Terms and Conditions apply.
